

EL GHALI SANY

Economics & Policy | Financial and Investment Analysis | Data Analytics & Decision Modelling

Sharjah, UAE | sanyghali@gmail.com | +971 54 771 9158 | LinkedIn: [Elghali Sany](#) | Portfolio: https://el2545.github.io/portfolio_UAE

PROFESSIONAL SUMMARY

M.Sc. Economics and Policy candidate and Graduate Research Assistant at the American University of Sharjah, with experience in financial performance, credit risk, investment analytics and quantitative decision modelling. Experienced in translating financial and operational data into actionable insights for cross-functional and client-related decision-making. Skilled in financial modelling, forecasting, multi-criteria analysis, KPI reporting and process automation using Excel VBA and Power Query. Seeking opportunities in investment analysis, economic analysis, data analytics and advisory across the UAE and GCC.

EDUCATION

- American University of Sharjah (AUS)** | M.Sc. Economics and Policy | Fall 2026 to 2028 (expected) | Sharjah, UAE
- INSEEC Business School** | M.Sc. Procurement & Supply Chain Management | Oct 2025 to Aug 2026 | Lyon, France
- Université Internationale de Casablanca** | Bachelor in Management, Finance & Accounting | Sep 2022 to Jul 2025 | Casablanca, Morocco | Final Grade: 16.02/20

EXPERIENCE

Graduate Research Assistant | American University of Sharjah (AUS) | Sep 2026 to Present | Sharjah, UAE

- Appointed as a Graduate Research Assistant within the M.Sc. Economics and Policy program for AY 2026/27, with a 6-hour weekly supervised research commitment.
- Conduct research activities under faculty supervision while adhering to university standards on research integrity, confidentiality and data protection.

Business Analyst – Financial Performance Intern | SAN MAROC | Feb 2026 to Aug 2026 | Casablanca, Morocco

- Analysed receivables and recovery portfolios, segmenting exposures by ageing profile and recovery probability to support collection prioritisation and financial-performance monitoring.
- Automated recurring portfolio reporting using Excel VBA and Power Query, reducing reporting-cycle time by 40% across 10+ business units.
- Built management dashboards tracking DSO, recovery rates, outstanding balances and collection-performance KPIs, enabling cross-functional stakeholders to identify portfolio issues and prioritise follow-up actions.

Business Analyst – Performance & KPIs Intern | ZACOM Advertising Sales Agency | May 2025 to Jul 2025 | Casablanca, Morocco

- Built a 5-year investment model comparing four OOH/DOOH scenarios using CAPEX, OPEX, TCO, ROI and cash-flow analysis.
- Developed a multicriteria profitability framework using 15+ variables across five Casablanca zones, integrating traffic exposure, operating costs, monetisation potential and regulatory constraints.
- Translated complex financial, operational and location-level findings into clear recommendations for management and business stakeholders.

Analysis & Reporting Intern – Corporate Portfolios & Credit Risk | MAGHREBAIL | Jul 2024 to Aug 2024 | Casablanca, Morocco

- Analysed financial performance and credit-risk exposure across 20+ corporate client portfolios, reviewing supporting documentation and financial commitments.
- Standardised portfolio reporting to improve the consistency, traceability and reliability of credit-risk monitoring.

SELECTED QUANTITATIVE PROJECTS

AI-Driven Multicriteria Investment Scoring for Smart-City Infrastructure | Independent Research | 2026

- Built an AI-enabled investment framework evaluating 25 projects across 10 countries and 13 criteria, integrating XGBoost forecasting, carbon-adjusted DNPV, Real Options/CVaR and multicriteria analysis.
- Achieved 45.8% lower MAE than Ridge regression (Wilcoxon $p = 0.0039$), with supplementary validation on 3,547 country-year observations; at €150/tCO₂, 12 of 25 projects changed rank.

Casablanca OOH/DOOH Investment & Mobility Analysis | Bachelor Final-Year Project | 2025

- Built a geospatial and financial investment model using SUMO, QGIS/OpenStreetMap and CAPEX/OPEX analysis across five Casablanca zones.
- Developed a weighted site-selection framework combining audience potential (40%), CPM efficiency (30%) and ROAS potential (30%) to compare OOH/DOOH investment attractiveness under alternative traffic, cost and regulatory assumptions.

TECHNICAL SKILLS

- Business & Stakeholder:** Business analysis, stakeholder communication, problem solving, performance analysis, management reporting, cross-functional coordination
- Data & Reporting:** Advanced Excel, VBA, Power Query, dashboarding, KPI analysis, data validation, reporting automation
- Financial & Investment Analysis:** DCF, NPV, ROI, CAPEX/OPEX, TCO, cash-flow modelling, portfolio analysis, scenario analysis, sensitivity analysis
- Risk & Performance Analytics:** Credit-risk analysis, receivables ageing, recovery analysis, DSO, portfolio monitoring, performance measurement
- Quantitative & Statistical Analysis:** Regression analysis, forecasting, statistical testing, model validation, XGBoost, Ridge Regression
- Decision Analytics:** Multi-Criteria Decision Analysis (MCDA), Fuzzy AHP, MEREC, AROMAN, TOPSIS, COPRAS
- Geospatial & Simulation:** QGIS, SUMO, OpenStreetMap
